Wall-Mounted Condensing Boiler

Made in Italy

- For **heating** and **domestic hot water** (DHW), from 25kW up to 30kW
- **High quality manufacturing**
- **Environmentally safe operation system, respect of the environment**
- Low emission of nitrogen oxides, NOx 6 class
- **Stainless steel** heat exchanger
- **Inverter** technology circulator
- Power Adjustment 1: 5
- **High efficiency** according to European directives
- **Reduced fuel consumption** - natural gas or LPG
- Auto-diagnosis, Blocking Position & Damage Record Display
- **Easy to use and maintain**
- **Modern design**

12.000 Gauss

* When purchasing and installing the Savio particle separator with magnetic filter.
